Dear Hollywood Media District Board Member:

I am happy to report that the Department of Transportation has recently approved the request for the installation controlling northbound and southbound traffic on Seward Street at its intersection at Waring Avenue - thus creating a 4 way stop. Seward Street and Waring Avenues are located in a commercial neighborhood consisting of media type businesses - and the installation of an all way stop sign control has been justified and will provide safe and efficient movement of vehicular and pedestrian traffic.

This installation will take place within 4 to 6 weeks - hopefully completed by August 30, 2016.

Any questions please feel free to reach out to our office.
